

Sutton Specialist Risks Ltd (SSR) are pleased to introduce QRisk, a unique and innovative web based risk management tool, developed with scheme insurer, QBE.

QRisk allows all SSR clients to self-assess themselves against recommended good practice that will help prevent and mitigate against common incidents and claims, whilst providing you with links to useful resources to help manage risk.

What are the benefits?

- Helps assist with Health & Safety compliance and legislation
- Provides you with a suggested risk improvement report and associated guidance
- Allows you to inform SSR and QBE of improvements you may introduce from your self-assessment report
- Allows good practice to be shared amongst all SSR clients to help keep premiums competitive
- Provides useful links to Health and Safety Executive guidance and freely available QBE risk management standards e.g. writing health and safety policies, risk assessments, safe systems of work and accident investigation tips
- Insight into slip trip management including contract conditions, wet floor management, inspection record retention, footwear and slip trip e-learning
- Insight into other key liability risks including work at height, hazardous substances, manual handling and general third party damage.

How does it work?

For your personal login to QRisk, simply email SSR at QRisk@ssr.co.uk with the **contact name, email address and telephone number** of the person responsible for Health & Safety or risk management within your organisation (please include your QBE policy number). SSR will forward these details to QBE who will contact you soon after with the login details to get you started.
